

# MUHAMMAD SHARJEEL SIDDIQUI

## MERN STACK DEVELOPER

Shah Faisal Colony, Karachi | sharjeelsiddiqui00@gmail.com | www.sharjeelsiddiqui.info | 0312-2723876

---

### SUMMARY

---

MERN Stack Developer with hands-on experience in building responsive, full-stack web applications using React, Node.js, Express, and MongoDB. Strong foundation in database management (SQL & NoSQL) and modern UI development. Experienced through multiple internships and real-world projects.

### PROFESSIONAL EXPERIENCE

---

#### Frontend Developer Intern - Cropmentum LLC (Onsite) Jul 2025 - Oct 2025

- Developed complete, production-ready user interfaces using Next.js, CSS Modules, and shadcn/ui.
- Implemented role-based portals including Admin, Vendor, and Bank dashboards.
- Built reusable UI components and layout systems to ensure consistency across portals.
- Collaborated with backend teams to integrate APIs and align UI workflows with business logic.
- Improved usability and responsiveness across desktop and mobile devices.

#### Web Development Intern - Pakistan Airports Authority (PAA) (Onsite) Nov 2024 - Jan 2025

- Designed and developed a touring and travel booking website enabling users to explore, plan, and book travel packages
- Implemented responsive layouts using React, Bootstrap, and custom CSS to ensure cross-device compatibility
- Created structured UI flows for package browsing, details viewing, and booking interactions
- Worked closely with supervisors to gather requirements and translate them into functional UI components

#### MERN Stack Intern - Humanity Alliance Organization (Remote) Jul 2024 - Sep 2024

- Developed and maintained full-stack web application modules using React, Node.js, Express.js, and MongoDB
- Implemented responsive UI components and optimized front-end performance for improved user experience
- Gained hands-on experience working in a remote, collaborative development environment

#### Custom & WordPress Web Developer - IT-O-LOGY (Onsite) Jan 2023 - Nov 2023

- Designed and developed business websites, landing pages, and marketing platforms using custom development and WordPress
- Customized WordPress themes and plugins to meet specific client requirements
- Delivered multiple projects simultaneously while meeting tight deadlines and quality standards
- Communicated directly with clients to gather requirements, provide updates, and implement feedback
- Strengthened practical experience in client-facing development, project coordination, and deployment

## PROJECTS

---

### Final Year Project - Giants Business Consultants

React, Tailwind CSS, .NET Core Web API

- Multi-role enterprise system (Consultant, Ambassador, Admin) with lead management, franchise assignment, LMS, referrals & commissions (MLM), dashboards, and real-time consultant-admin communication.
