MUHAMMAD SHARJEEL SIDDIQUI

MERN STACK DEVELOPER

Shah Faisal Colony, Karachi | sharjeelsiddiqui00@gmail.com | sharjeel-siddiqui.vercel.app | 0312-2723876

SUMMARY

I specialize in MERN stack development, building responsive applications with MongoDB, Express, React, and Node.js to deliver seamless user experiences. Additionally, I have strong expertise in database management, optimizing relational and NoSQL databases for performance and scalability. My focus is on creating high-quality web solutions that meet both technical and business objectives.

PROFESSIONAL EXPERIENCE

Web Developer, IT-O-LOGY (Onsite)   **Jan 2023 - Nov-2023**
- Developed numerous marketing programs (Landing Pages, Businesses Websites and Manymore) using custom and wordpress development techniques.
- Managed projects or tasks at a given time while under pressure and collaborated with clients to understand requirements.

Internship, Humanity Alliance Organization (Remote)   **Jul 2024 - Sept 2024**
- Developed and maintained a web application using HTML, CSS, JavaScript, React, Express, Node.js, and MongoDB during an internship at Humanity Alliance Organization.
- Enhanced website performance and user experience by implementing responsive design and optimizing front-end code.

Internship, Pakistan Airports Authority (PAA) (Onsite)   **Nov 2024 - Jan 2025**
- Developed a touring website where users can explore, plan, and book travel packages.
- Designed a user-friendly interface for seamless package browsing and booking by ensuring responsive design.
