

MUHAMMAD SHARJEEL SIDDIQUI

MERN STACK DEVELOPER

Shah Faisal Colony, Karachi | sharjeelsiddiqui00@gmail.com | www.sharjeelsiddiqui.info | +92 312 2723876

SUMMARY

MERN Stack Developer with hands-on experience building responsive, full-stack web applications using React.js, Next.js, Node.js, Express.js, and MongoDB, proficient in RESTful API development, database management (SQL, NoSQL), modern UI frameworks (Tailwind CSS, Bootstrap, shadcn/ui), and version control (Git), with a proven track record through 3+ internships and 10+ production projects.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern - Cropmentum LLC (Onsite) Jul 2025 - Oct 2025

- Developed 15+ production-ready UI components using Next.js, CSS Modules and shadcn/ui.
- Implemented role-based portals including Admin, Vendor, and Bank dashboards.
- Built reusable UI components and layout systems to ensure consistency across portals.
- Collaborated with backend teams to integrate APIs and align UI workflows with business logic.
- Improved mobile responsiveness by 98% across 3 major portals.

Web Development Intern - Pakistan Airports Authority (PAA) (Onsite) Nov 2024 - Jan 2025

- Designed and developed a touring and travel booking website enabling users to explore, plan, and book travel packages
- Implemented responsive layouts using React, Bootstrap, and custom CSS to ensure cross-device compatibility
- Created structured UI flows for package browsing, details viewing, and booking interactions
- Collaborated with supervisors to gather requirements and translate them into functional UI components

MERN Stack Intern - Humanity Alliance Organization (Remote) Jul 2024 - Sep 2024

- Developed and maintained full-stack web application modules using React, Node.js, Express.js, and MongoDB
- Developed responsive UI components using HTML, CSS, and JavaScript and optimized front-end performance, reducing page load time and improving user experience metrics
- Collaborated effectively in a 100% remote development environment.

Custom & WordPress Web Developer - IT-O-LOGY (Onsite) Jan 2023 - Nov 2023

- Designed and developed business websites, landing pages, and marketing platforms using custom development and WordPress
- Customized WordPress themes and plugins to meet specific client requirements
- Managed and delivered 6+ concurrent projects on schedule while maintaining quality standards and stakeholder satisfaction
- Communicated directly with clients to gather requirements, provide updates, and implement feedback
- Strengthened practical experience in client-facing development, project coordination, and deployment
